SCDM 2025 EMEA Conference

EXHIBITORS

MANUAL

9-11 April 2025
Brussels, Belgium

DEAR EXHIBITOR,

Thank you for playing a key role in making the SCDM 2025 EMEA Conference an extraordinary success! Your support truly sets the stage for a remarkable conference and we are excited to share this experience with you.

We would like to thank you again for your participation!

To ensure that you make the most of the conference experience, please find below more useful information.

SCDM's 2025 EMEA Conference is the must-attend event for clinical data managers in the region. It's an opportunity to engage with peers and other key stakeholders in the industry, including policy makers, regulators, site representatives, and patient organisations. It's where the leading minds in clinical research gather to influence the future of the industry.

Across three unmissable days, we'll rethink how we approach data usage to better emphasize sustainability, resilience, and innovation in clinical trials. Clinical data does more than provide evidence to inform decision-making; it uncovers insights that empower us to ask more precise and sophisticated questions. By truly "listening" to the data, we can deepen our understanding, spark innovation, and shape the future of Clinical Data Management.

As part of the **SCDM 2025 EMEA Conference**, we will be hosting an Exhibition. This presents a prime opportunity for companies to showcase their work and network with like-minded individuals.

This year, our host is Johnson & Johnson, and the conference will be held at [The EGG](#), in Brussels, Belgium.

LEAD RETRIEVAL

You'll use the Conference App to set up your booth, manage your team, and interact with attendees throughout the event! This feature is complimentary and accessible to all exhibitors. We'll send you a document detailing how to create your account and use Swapcard. This app is extremely useful, especially for lead retrieval.

Within the EMEA25 App, you'll find a button in the menu labelled **"My Badge"**. Clicking on this button grants access to your personal information along with a barcode. This barcode corresponds to the barcode on your badge.

Contacts are automatically saved in the app and can be accessed by clicking on your profile icon in the lower right corner, then *My Contacts*.

The contact list is also available in the web version of the conference app and can be downloaded in Excel format. To download a list, click on *My Profile* ➤ *My contacts* ➤ *Export my contacts*.
